Sydney, 25th February, 1980.

PATRON
His Excellency The Governor of New South Wales
SIR RODEN CUTLER, V.C., K.C.M.G., K.C.V.O., C.B.E.

President's Foreword

In prefacing the Directors' 118th Annual Report, I should firstly accord the warmest measure of praise to my colleagues, the Directors, for their unstinted service to the Institute. My warmest thanks are given for their loyal support to me, not only during the year under review but at all times and in all circumstances.

In more than twenty years of membership of the Board, I cannot recall any year in which we have been faced with greater opportunities for expansion of our services.

Environmental changes and advances in technology have had a marked effect on our way of life during the 70's. There is a prospect of continuing change in the years ahead — changes which will have a far-reaching effect upon all our lives and with which the Institute will be called upon to cope. The opportunity to turn these changes to the greatest advantage for the children who are our abiding concern and our prized responsibility must not be neglected.

Our capacity to adapt, to innovate and to use the developing techniques will determine the degree of long term benefit to be derived by our children from this changing world.

The problems created by the lack of vision or hearing or both will, I fear, always be with us. I am just as sure that the spirit of compassion, of concern and the desire to help within our community will continue to grow.

We must look forward! When new problems present as undoubtedly they will, we must solve them. When new programs and skills are needed, we must find them.

The challenges which will arise are very different to those encountered in our early beginnings over a century ago. With the continuing support of our hard-working Auxiliaries and a generous public, we are ready to meet and to overcome them.

GARFIELD E. BARWICK, President.

A new enrolment in the Special School for the Multi-Handicapped Blind is taken on his first "stroll" around the grounds.

ANNUAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 1979

The Institute's 119th year has seen further progress in its work, a widening of responsibility and additional extension to and enlargement of our services.

Not the least of the problems encountered has been that which it appears will always be with us — to contain our escalating costs and at the same time ensure no reduction, but rather an extension and improvement in the quality and quantity of services. This problem is later dealt with in this Report under the heading of Finance.

Vice Regal Patronage

Support and interest in all the Institute's activities is constantly demonstrated by its distinguished Patron, His Excellency the Governor of N.S.W., Sir Roden Cutler, VC, KCMG, KCVO, CBE. His Excellency's interest is shared by Lady Cutler and is a constant encouragement to the Directors and to all concerned for the Institute's welfare.

The Centre

This year saw the admission of all the multi-handicapped blind children, 36 in all, who had been on the waiting list for enrolment in the Institute's Special School for Multi-Handicapped Blind Children. This was made possible by the completion during 1979 of the new building as foreshadowed in last year's Annual Report. The cost of the magnificent building and equipment was of the order of \$3 million, of which almost \$1 million was provided from the Institute's own resources. The balance of \$2 million was received by way of a grant from the Federal Government. The Board expresses the warmest appreciation of the assistance thus derived, of the sympathetic interest of Dame Margaret Guilfoyle (Minister for Social Security) and of the helpful attitude of the officers of her Department always available for consultation and advice.

The co-operation of the Australian Schools Commission's Officers is also acknowledged with thanks.

There has, of course, been a big increase in staffing as a result of the extended activity. The number of staff at The Centre has increased by 48 to 185 during the year. All the additional personnel are concerned directly with the delivery of services and facilities to the children.

Education

There are now 69 children accommodated in the Special School for Multi-Handicapped Blind. All have good prospects for their future well-being. In measuring the success achieved in this difficult area, the yardstick is neither purely economic nor academic. Rather, success is to be measured by the child's ability to realise to fullest capacity, his potential to become an integrated and fulfilled human being. To this end immediate clinical evaluation is not possible. The child must be evaluated in the learning situation over a period of time and, in reaching for the academic goal, the importance of education in the broader sense by acquisition of living skills and acceptance of conventional behavioural patterns must be kept prominently in mind.

Whilst the new buildings and equipment and the programmes they house are now functional, the Board has not yet been

"Work-out" in the gymnasium.

able to set a date for the Official Opening. It is expected that this will take place during the first half of 1980, thus marking 120 years of service by the Institute to the Deaf and Blind Children of the State.

The N.S.W. Department of Education's School for the Blind and for the Deaf at the Centre remain in the vanguard of such Special Education Schools within the Commonwealth. Standards are of the highest and the Board records appreciation of the working partnership with the Department at The Centre. Special tribute is paid to the respective Principals, Mr. T.A. Grunsell, B.A. and Mr. Don Day and their teaching staff.

Parent Counselling

The expansion of this service required that your Board appoint an additional Parent Counsellor as was foreshadowed by the Directors in their previous Report. Success achieved by the programme has been marked, with emphasis placed upon acceptance of each child as a unique individual. The whole programme is concerned with achievement of two objectives — the provision of supportive service to the parents at the time when they most surely need it and establishment of a 'Springboard' for the child's later enrolment in a formal learning or training situation.

Additional Care-In-Residence Programme

The 3 weeks' extension of care in residence for our dually handicapped children, which was established as a pilot programme during last year's summer vacation, proved highly successful. It provides relief to parents encountering difficulty in coping for the whole of the long period of the summer holidays. Whilst once more over-all cost structures are increased by this new service, the Board is persuaded of the necessity to continue the measure as a permanency and has so directed. Whilst many of the Institute's own resource staff are deeply involved, the parent participation essential to the success of the scheme has been readily forthcoming.

Potential Employers visit the Careers Education Section, where blind students impressed them with their abilities.

Careers Education Programme

This further partnership between the N.S.W. Department of Education and the Royal Institute has functioned most satisfactorily during the year. Results have been satisfactory. The co-operation between personnel of the N.S.W. School for the Blind and the Institute's own staff has left nothing to be desired. The Board specifically acknowledges the service given by Mr. Roy Dodd who is the School's Careers Adviser, combining with those duties the function of Careers Consultant to the Institute.

Towards the end of the year a representative number of company and corporation executives accepted the Institute's invitation to lunch at the Centre and availed themselves of the opportunity to see something of the activities undertaken by the adolescent blind students in this programme. Resulting from this and from the interest and concern thus generated, greater opportunities for on-site job experience for the students have been presented.

Independent Living Programme

The Directors and senior staff have had lengthy and frequent discussions with the Principal of the School for the Blind, Mr. T.A. Grunsell, and representatives of "Forsight" (the Parents Action Group). Principal cause for mutual concern was the problems encountered by many blind adolescents in that transition period from school-leaving to job placement and independent living.

The Board is now seeking to establish a situation in which the school leavers with visual impairment can be accommodated in groups of two or three in modern flats. In this independent environment, the adolescents will be monitored by an experienced mature person, but will not be under close supervision. These teenagers will have ample opportunity over a 12 months' staging period to adjust to the problems and pleasures of independent living and social integration — hopefully a stepping stone to a fuller and more complete life.

Your Directors are confident this planning will come to fruition in early 1980.

Here the Board makes grateful acknowledgement of the concern evinced and assistance given in many ways by the President of "Forsight", Mr. Peter Buggy, and his hard-working Committee of parents.

Finance

As was emphasised in last year's Report, Directors are constantly aware that the well-being of the Institute in fiscal matters is critical to the maintenance, expansion and improvement of services to the children and thus to their continuing benefit and well-being.

The pressure of inflation is felt nationally and appears permanent. It affects practically every item of service extended to the children and in many areas cannot be controlled. Although the closest watch is kept upon costs, the answer to the problem of cost escalation seems to lie in increase of revenue.

Children in the Multi-Handicapped Blind School need toys which promote digital dexterity and co-ordination.

Again your Board is pleased to demonstrate by publication of the relevant Accounts that this essential result has been achieved. It could not have been achieved without the significant contribution made by the Federal Government by way of subsidies towards recurrent expenditures in salaries and wages and in replacement of capital items needing repair or renewal.

The substantial increase in Legacies from \$353,481 to \$500,084 is most pleasing. It stems from the excellent Public Relations programme maintained by the Institute through the valued good offices of the various sections of the media. It indicates also the public's confidence in the soundness of the Institute's planning and in the worth of its ongoing programmes.

Once again, Clubs, Committees and Auxiliaries have established a record. They have raised this year a sum of no less than \$164,653. Special grants, donations and appeals include amongst other items the proceeds of \$114,000 raised by the candidates in our "Lovely Motherhood Quest" and the \$59,000 resulting from Street Appeals on Pen Days.

Commonwealth Government subsidies for Capital purposes total \$1,922,706 of which \$1,857,192 was expended on the new building to house the Special School for the Multi-Handicapped Blind.

Reference to the Statement of Income & Expenditure appearing on Page 13, discloses that Expenditure has increased by \$254,804 or 17.8%. The greater part of this, specifically \$141,196, is attributable to increased charges for Salaries and Wages. Such increases were brought about not only by the variations to Awards and National Wage increases, but very substantially by the appointment of additional members of staff to service the new programmes initiated by your Board. The heaviest added costs were those occasioned by the intake of the additional 36 children to the Multi-Handicapped Blind programme with the proportionate recruitment of added child-care staff.

Application has been made to the Federal Government for salary subsidy for the additional staff members, and your Board is presently awaiting a decision by the Government.

Whilst meeting a large proportion of direct charges for the new buildings and equipment at The Centre, your Directors have been able, during the year, to increase investments on first mortgage by \$86,500. This is regarded as acceptable. But a larger investment income is needed to ensure the maintenance and extension of the Institute's activities, particularly if, by chance, the proceeds of voluntary effort should diminish. It will be noted that the sum of \$250,000 has been transferred from income to the Capital Projects Account. The Board considers this to be wise in view of the known commitments which the Institute will be called upon to meet during the coming year, when provision of the flat accommodation for the adolescent school leavers, as mentioned elsewhere in this Report, will have to be made at an estimated capital cost of some \$200,000.

The method of presentation of the Accounts remains as last year and it will be noted that for comparative purposes, figures for the year 1978 are shown on both the Statement of Income and Expenditure and on the Balance Sheet.

Generally the financial position is considered to be satisfactory. However, there can be no lessening of the concern and vigilance of the Board and the staff in their constant effort on the one hand, to contain costs to a minimum and on the other hand, to maximise the income of the Institute so that it may maintain and extend services to the children.

Liaison with Kindred Bodies

Close contact and regular dialogue continues with sister agencies both in Australia and overseas, as well as with those Government Departments and instrumentalities — both State and Federal — who have common concern with this Institute.

The Board appreciates the interest and co-operation shown by:

- The Adult Deaf Society of N.S.W.
- The Guide Dogs Association of N.S.W.
- The Royal Blind Society of N.S.W.
- The Commonwealth Department of Social Security
- The Commonwealth Health Department
- The Commonwealth Department of Education
- The Australian Schools Commission
- The N.S.W. Department of Education
- The Health Commission of N.S.W.
- The N.S.W. Department of Services
- The N.S.W. Department of Youth & Community Services

The manifest interest of Directors in a number of organisations is demonstrated by the fact that members of the senior executive staff hold executive positions in many bodies which have concern for many aspects of welfare activity. Mr. S. Swaine (Chief Executive) is a member of the N.S.W. Advisory Council on the Handicapped, a consultative body established by the N.S.W. Government, and is Honorary Treasurer of the Asian Committee of the International Association of Educators of the Deaf/Blind. Mr. J.T. Harris

*Car or Rocker?
He doesn't mind — he's having fun.*

The Lord Mayor of Wollongong, Alderman Frank Arkell visited the Centre during the year. He is seen here with a pupil in a Deaf/Blind Trainable Class. Alderman Arkell has given much encouragement and support to the Institute's Illawarra Regional Office.

This little multi-handicapped blind girl finds real adventure in the Adventure Playground.

(Deputy Chief Executive) is President of the State Branch of the Australian National Council of and for the Blind and a member of the Access Committee of the Australian Council for Rehabilitation of the Disabled. He is also Honorary Treasurer of the Australian Deafness Council, N.S.W. Branch, and the Institute's Liaison Officer for the Australian Council of Social Services. Mr. D.R. Plowman (Superintendent of the Deaf and Blind Children's Centre) is Liaison Officer with the Voluntary Care Association of N.S.W. and the Australian Capital Territory.

Mr. R.J. Steele (Assistant to the Chief Executive) is a member of the Board of Directors of the Combined Enabling Trust of the Central Coast as well as being a member of the Sub-Committee of the Australian National Council of and for the Blind, which concerns itself with rehabilitation, employment and low vision services.

During the year the Board continued to give funding to the Australian National Council of and for the Blind through its N.S.W. Branch and to the Australian Council for Rehabilitation of the Disabled, as well as giving substantial assistance to the Australian Deafness Council and making a contribution to establishment of a secretariat by the Australian Guild of Business and Professional Blind.

Substantial support was also given to the International Association of Educators of the Deaf/Blind.

Regional Offices

The Institute's Office which services the Illawarra region and is situated in Wollongong, continues under the administration

of Mrs. Barbara Quintrell and it is pleasing to report satisfactory progress, particularly in extension of welfare services to the deaf and blind children in the Illawarra region.

The Board is pleased to report that Mrs. Quintrell has accepted appointment as the Hon. Secretary of the Illawarra Handicapped Persons Trust. Directors are again pleased that through a senior staff member, the Institute is making a further contribution to the welfare of the handicapped in the region.

Mr. Colin Styman, Administrator of the Newcastle Office, has been a servant of the Institute for a considerable number of years and has completed another fine period of service. He has the respect of all who know him in the district and has given great assistance to the various Committees and Auxiliaries of the Institute working in the Newcastle district.

The Braille Libraries established by the Board last year in these Regional Offices continue to receive addition of volumes being continually produced by the Computerised Braille Library Services Section in the Institute's Sydney Head Office.

The intensive activity of the Clubs and Auxiliaries affiliated to the Institute through the Illawarra and Newcastle Regional Offices has continued during the year. Outstanding results have been achieved. Directors are appreciative of the Committees' hard work and interest, and of the local support given them. All this is reflected in the splendid record established this year in the fund-raising activities of the various Auxiliaries.

Computer and Braille Library Services

This year saw the first full year of operation of the Institute's computerised braille production system. The system has been expanded by increasing its storage capacity and by the addition of a third visual display terminal for text entry.

During the year over fifty books were translated into braille, as well as a number of magazines, newsletters, sports fixtures lists, business papers, and government publications. The translation service has attracted several new clients. From the government sphere, these include the N.S.W. Education Department, the Commonwealth Public Service Board and the National Advisory Council on the Handicapped. Schools for the Blind and voluntary agencies who provide braille libraries are included amongst new users of the service, and orders were filled from N.S.W., Victoria, Western Australia, and Queensland. A small number of braille volumes were also produced for clients in the United Kingdom, New Zealand, Papua New Guinea, Indonesia, and Guyana.

In May—June 1979, the World Council for the Welfare of the Blind held an International Conference on "Computerized Braille Production" in London. The Institute was represented by its Computer Services Manager, John Berryman, who was one of the Conference Speakers. The Institute's computer installation is recognised internationally as one of the world's major braille production centres.

Joint Programme by Macquarie University and The Institute

Excellent progress was made by this innovative project during the year. The work is carried out under the personal supervision of Professor James Ward and Dr. Bernie Thorley of Macquarie University.

Miss Angela Wilson, the Institute's Research Co-ordinator, is in charge of the programme within the Special School for Multi-Handicapped Blind Children at the Centre.

The exemplary classrooms for six children referred to in last year's report have created much interest. A great number of visitors from all States of Australia and overseas have visited the programme.

Mrs. Kristen Nicholls left the programme during the year to return to the United States. However, with the assistance of the N.S.W. Department of Education, we were able to engage a competent replacement assistant to Miss Wilson, in Miss Peggy Kirkland.

Those conducting the project and closely associated personnel at the Centre, from the Superintendent down, are impressed with the improvement in the overall skills achieved by the children.

RESEARCH PROJECTS

During the year the Joint Ad Hoc Committee met on several occasions in order to continue discussion on Miss Angela Wilson's reports.

Miss Wilson, BA (Hons) MA Diploma in Deaf Education MAATD is a permanent member of the Institute's staff. She spent several years both in Australia and overseas as Research Fellow in an endeavour to establish improved methods and techniques in improving acquisition of language and of language comprehension to profoundly and severely deaf children.

A panorama of the Deaf and Blind Children's Centre, North Rocks. At the extreme right (Centre) is the new complex of the Special School for Multi-Handicapped Blind Children.

Note the extensive recreational facilities available for the children, which can be clearly seen in this photograph, including: a tennis court, a netball court, a huge sports oval, a cricket ground, a full-scale swimming pool complex including a training pool, outdoor roller skating rink, outdoor trampolines and a variety of well-equipped outdoor playgrounds.

These blind children prove to their attentive audience that "Music hath Charms".

Deaf Children communicate whilst relaxing in their residential lounge.

Deaf Students enjoy training for the Sun Newspaper's annual "City to Surf" race with Army Warrant Officer Errol Garland who conducted two marathon races to raise funds for the North Rocks Centre.

Lady Cutler, Patron of the Movement and Guest of Honour at Lantern Club Movement's Fourteenth Annual Conference, admires the gift of an embroidered table cloth presented to her by the children. President, Mrs. Jean van Nooten and the Institute's Chief Executive, Mr. S. Swaine smile their approval.

Sydney's Lord Mayor, Nelson Meers, was the Children's V.I.P. (Very Important Penfriend) for 1979. He is seen here with two enthusiastic volunteer sellers from St. Andrews Cathedral School.

Committees, Auxiliaries and Clubs

During the year, various Committees, Auxiliaries and our Lantern Clubs held numerous successful fund-raising events. The endeavours of the members of these voluntary groups is most praise-worthy. They are unceasing in their efforts to provide increased financial assistance to the Institute.

The Golden Committee held a number of functions including a most enjoyable "Day at the Hunter Valley"; a "Chicken in the Basket" Luncheon at the home of Mrs. Pat Colvin at French's Forest, whilst another most enjoyable Luncheon and Fashion Parade was arranged at the home of Mrs. Ingrid Brown of Gordon. Two other major functions were, a Chinese Banquet at the Mandarin Restaurant, which was organised by Mr. Maurice Timbs, a Director of the Institute, and a "Grecian Night" held at the Greek Centre, presented by the Directors of the Greek National Tourist Organisation and the National Bank of Greece.

Amongst the highlights of the year for the Silver Committee was their elegant "Race Day" function held in the Vice Regal Room, during the A.J.C. Randwick Anniversary Day Cup Meeting, and a glittering "Silver Ball" at the Sebel Town House, a delightful annual occasion.

A happy success for the Killara Auxiliary was the superb "Musicale" staged at the home of Mr. and Mrs. Nettelbeck of Killara. This is an annual event and again, members of the "Stars of the Australian Opera Committee" provided a delightful evening of operatic excerpts and folk songs.

It was an extremely busy year for the Top Hat Committee, with eleven enjoyable and profitable functions, including the delightful Annual Gala Evening at Transfield House, donated by the Directors of Transfield House Pty. Ltd. and their Chairman, Mr. Franco Belgiorio-Nettis.

The Abstract Committee's unique "Racey Race Day" on Sydney Harbour has become a successful summer fund-raising event with an ever-growing fleet of yachts and sea craft joining in the fun each year, providing an exciting and rewarding day for all those who love the water.

A Dinner Dance on the Lane Cove river aboard the Lane Cove Paddle Steamer was a novel highlight for the Questors Committee during a most enjoyable year.

Despite the fact that many members of the Pathfinders auxiliary are more often overseas than at home, they continue to achieve outstanding fund-raising success through their unstinting efforts on a variety of functions.

This year, the Annual Art Exhibition at the Commonwealth Bank, Martin Place, raised a new record in revenue for the Auxiliary. The glamorous Pathfinders Fashion Parade at the Hilton Hotel was an outstanding social and monetary success, as was the revue which ran for three evenings, held at the Illawarra Catholic Club.

The Lady Pathfinders Auxiliary also had an active season which included a notable luncheon featuring Dr. Lyn Barrow as Guest Speaker, and two glamorous evenings at the Theatre Royal, when such stars as Rachel Roberts joined them afterwards in the Foyer for supper.

The Fourteenth Annual Conference of the Lantern Club Movement was held at the Wentworth Hotel on Thursday, November 1, 1979. Over 500 delegates from country and metropolitan areas attended. They were welcomed by the President of the Central Council of Lantern Clubs, Mrs. Jean van Nooten, BEM.

The Guest of Honour this year was Lady Cutler, wife of our distinguished Patron, His Excellency, Sir Roden Cutler, Governor of New South Wales. Lady Cutler is Patron of the Lantern Club Movement. The Guest Speaker was Mr. Garth Smith, Principal of the Special School for Multi-Handicapped Blind Children, who spoke of the special educational strands provided within this unit, unique to this part of the world, and of paramount importance in this programme for the special needs of multi-handicapped blind children. Students from the North Rocks Central School for Blind Children gave a delightful concert in song and verse. They and a number of students from the Central School for Deaf Children joined for lunch with Lantern Club members.

It was announced during the Conference, that since inauguration in 1964, the Lantern Clubs have raised a sum in excess of one million dollars, which is a truly magnificent achievement.

Sir Garfield Barwick, President of the Institute, presented Life Membership Certificates to ten members of Lantern Clubs in recognition of their outstanding service to the Royal Institute.

The largest cheque ever presented by the Lantern Club to the Institute was given to Sir Garfield by the President of Ryde Lantern Club, Mrs. Norma Archbold, at a special function held at "Walkley House". Ryde Club's superb fund-raising efforts achieved a unique and outstanding result.

"Whoops, you dropped it" says a laughing Lady Cowen to this small blind boy.

Sydney Lantern Club held notable functions during the year, including a Dinner Dance at the Australian-American Association, and an Art Exhibition at the home of Dr. J. Boughton of Vacluse. In September, this Club became the Aladdin Committee.

Cronulla Lantern Club were very active, a major highlight being a magnificent concert, the first such concert they have organised, which was held at the Sutherland Civic Centre, featuring the "Stars of the Australian Opera Committee". They also held an Art Exhibition at Hurstville and a "Hoe Down" function at Kurnell.

The combined Lantern Clubs staged a well attended Annual Stamp Market.

Blue Mountains Lantern Club were also thrilled with the success of their "Stars of the Australian Opera Committee" concert, which they arranged at the Springwood Civic Centre. This concert was well received by the community, and they are looking forward to an even greater success with their next one.

It is particularly worthy of note, that the total amount raised by Clubs, Committees and Auxiliaries during the year, inclusive of their efforts on Pen Day and in the "Lovely Motherhood Quest", set a record total of \$286,162.84.

Honour to Council President

The Directors noted with much pleasure that the name of Mrs. Jean van Nooten, President of the Central Council of Lantern Clubs, appeared as recipient of the B.E.M. in the Queen's Birthday Honours List of 1979.

Mrs. van Nooten has made a great personal contribution to the Institute's work. She was elected Foundation President of the Council in September 1966 and but for a short respite in 1970, has held that position each year and unopposed to the present time. The children have no more enthusiastic and able supporter, and Her Majesty's recognition is more than deserved.

"Stars of the Australian Opera Committee"

The Board records its appreciative thanks to the artists, musicians and administrators of the Australian Opera Company who through the "Stars of the Australian Opera Committee" have donated their services in raising money for the Deaf and Blind Children's Centre, North Rocks.

Members of this distinguished body have given freely of their talents at numerous functions to assist the Institute's Committees, Auxiliaries and Lantern Clubs. Two gala evenings were also held at the Bowlers' Club of N.S.W.

The marked success of each concert is a tribute to the artists' high standard of performance, and the admiration in which they are held by audiences everywhere.

Life Memberships

The Board conferred Life Memberships on the following persons and organisations during the year, in recognition of their splendid contributions to the welfare of the children:

Mr. Vic Allen; Mrs. M. Ainsworth; Miss Jeni Ashton; Mrs. Joan Bedford; Mrs. J.Z. Bessenyei; Mrs. Di Brown; Mrs. Pat Casson;

Mrs. Esther Deans; Mr. Charles Ebert; Mrs. Doris Ellis; Anne Gash; Mrs. J. Holgate; Mrs. V. Huntington; Mrs. Coralie Jurd; Mrs. A.C. Millington; Mrs. Edna Myers; Mrs. Joan Mylecharane; Mrs. Helen MacDonald; Mrs. Doris Pickett; Rev. Peter Powell; Mrs. Jill Raven; Mrs. Lauraine Reynolds; Mrs. Joyce Smith; Mrs. Joyce Stuart; Mrs. Ida Turner; Theresa Lady Walkley; Miss Calliope Willis; Mary Zulumovich.

Corporate Life Memberships

Bowlers' Club of N.S.W.; Radio Station 2CH; J.B. Were and Son.

Life Governors

The highest honour the Board can confer on any person is appointment as a Life Governor of the Royal Institute. In 120 years, only 25 Life Governorships have been awarded by this organisation. The invitation is extended, after mature consideration, only to people who have given outstanding assistance or extraordinary service to the children at our Centre.

During the past year, Life Governorship was conferred upon: Maurice C. Timbs.

Street Appeals

On November 24, 1978, the 13th successive Sydney Annual Pen Day was held, achieving a total of \$65,000. Working mainly in the city, the boys of St. Andrew's Cathedral School sold an astonishing \$15,000 worth of pens, taking their total contribution to \$126,844 over the past 21 years. The Board is sincerely grateful to the boys of St. Andrew's for their demonstration of enthusiasm and initiative.

The Directors also wish to appreciatively acknowledge the outstanding effort of pupils from the following schools which contributed much towards this successful appeal:

Ashfield Boys' High; Asquith Boys' High; Asquith Girls' High; Bankstown Girls' High; Barrenjoey High; Bethlehem College; Blacktown High; Christian Brothers Regional High, Manly; Cromer High; De La Salle Brothers School; Epping Boys' High; Evans High; Grantham High; Homebush Boys' High; Holroyd High; Holy Cross College; Kingsgrove High; Marcellin College; Meadowbank Boys' High; Meridan Ladies College; Model Farms High; Nagle Girls' High; Normanhurst Boys' High; North Sydney Boys' High; Patrician Brothers, Blacktown; Pittwater High; Ryde High; St. Catherine's Church of England School for Girls; St. Ives High; Seven Hills High and South Strathfield High.

International star Rolf Harris kindly consented to be our "V.I.P. Pen Friend" and appear in a Pen Day television commercial. Other "Pen Friends" were Jimmy Hannan, Rex Mossop, Noeline Brown and Stars of the Australian Opera.

Successful Pen Days were also held in Armidale, Avoca, Bathurst, Blue Mountains, Cessnock, Dubbo, Forbes, Gosford, Goulburn, Griffith, Parkes, Penrith, Orange, Shellharbour, Taree, Wagga Wagga and Wollongong, raising over \$45,000. The support of staff and students from the innumerable schools in these areas is deeply appreciated.

Pen sales from Street Appeals and through Clubs and Committees, took the overall total for the year to a record of \$128,000.

Many of the greatest International golfing names in the
of the game came to Sydney in October to play in Citizen
Watches Australian Seniors Golf Championship at Manly
Golf Club.

The entire gate proceeds of this major tournament were donated to the Deaf and Blind Children's Centre, North Rocks, by Mr. John Daniher, Managing Director of Citizen Watches and the Tournament Founder, Mr. Tom Ramsey of the Daily Mirror. Despite inclement weather during the championship, the Institute benefited by \$6,160 from spectator gallery sales.

Other major sponsors were: The Daily Mirror, Singapore Airlines, Nylex Corporation, Pentel Pens, Southern Pacific Hotel Corporation, T.A.A. and Hertz.

The Board acknowledges with thanks the opportunity given to the Institute by Citizen Watches and Mr. Tom Ramsey to be associated with, and to benefit from this important Australian sporting event.

Citizen Watches are donor supporters of the North Rock Centre and generously freely provide braille watches to our blind and multi-handicapped blind students.

In April, the "CAUSE" Committee presented to Sir Gartfield Barwick, President of the Board of Directors of the Royal N.S.W. Institute for Deaf and Blind Children, a Disc Drive, an additional component for the Institute's Braille Computer, which greatly enhanced the Braille output. The Disc Drive was purchased with the \$21,000 raised at the Ball.

The Board is indebted to "CAUSE" for this valuable support.

"Lovely Motherhood Quest"

The 1978/79 "Lovely Motherhood Quest" concluded with a glamorous hour-long televised Final on Mother's Day, May 13th, 1979. Entrants from all parts of New South Wales and A.C.T. again raised the magnificent total of \$114,000.

A radiant Mrs. Stephanie Hughes, from Baulkham Hills, was the winner with Mrs. Avril Paynter of Kirribilli as the Runner-Up.

Mrs. Patricia Knight — a profoundly deaf, former student at the North Rocks School for the Deaf, was announced Charity Queen. Sponsored by the Randwick Lantern Club and 20th Century Blinds, she raised the magnificent sum of \$13,771.23. Mrs. Knight's "thank you speech" was translated from signing into words in a most moving interlude, by talented actress, Miss June Salter.

The Quest, ably compered by Mr. Jeremy Cordeaux, was once again sponsored by Grace Bros. and the Sunday Telegraph, in conjunction with Channel Ten. The Institute is indebted to these sponsors for their continuing interest and support.

Our special thanks to the six judges who had the extremely difficult task of choosing the Winner and Runner-Up from the twelve outstanding Finalists.

The judges were: Mr. Tom Miller, Production Co-ordinator for Channel Ten; Mr. Jim Thomson, Associate Director of Grace Bros. Pty. Ltd.; Mr. Terry Divola, Promotions Manager for the Sunday Telegraph; Miss Marea Stenmark, the Institute's Director of Public Relations; Miss Pat Dasey, Journalist and former Editor of "Cleo" magazine; and Mrs. Marie Brady, Fashion Co-ordinator for Sarah Coventry.

Not only does the Board extend its sincere thanks and appreciation to the hard-working entrants for the wonderful amount of money they raised, but also, to the following

Photographics, Salamander Hotel/Motel, Diamond Traders, Winterhaus Lodge — Thredbo, Breville, Adler, Monier, Kosta Boda.

Most grateful thanks is expressed to the Sunday Telegraph for its generous coverage throughout the Quest, Channel Ten for its great support and continuous coverage, as well as to country and suburban newspapers, radio and television stations in Wollongong, Newcastle, and Canberra; and to Greater Union Organisation and the Skyline Drive-In Theatres

Qantas Flight 1979

For the 12th successive year, children from the Deaf and Blind Children's Centre, North Rocks were taken on a Qantas Flight, which cruised over Sydney, Wollongong and Newcastle.

For the one hundred and sixty-seven deaf and blind children on board, this was a unique and exciting event, because this year, for the first time, they flew in a Qantas Jumbo.

The Qantas crew, all volunteers, were members of the Pathfinders Auxiliary of the Royal N.S.W. Institute for Deaf and Blind Children. The Flight Captain was Allan Terrell,

Young students from the North Rocks Central School for Blind Children entertain visitors at the Centre, singing "Rubber Ducky" with appropriate actions.

Senior Flight Service Director and President of the Pathfinders, Pat McGann was also on hand, to make sure that the cabin service went smoothly.

Ampol kindly provided the fuel for the flight at no charge.

The Rotary Club of Turramurra chartered the Jumbo to give our deaf and blind children a special treat and also to raise money for the Royal Institute and for the Shepherd Centre, by selling available Flight tickets to the general public.

The Board sincerely thanks Qantas, Pathfinders Auxiliary and the members of the Turramurra Rotary Club for giving the children such a memorable experience.

Since it was founded in 1967, the Pathfinders Auxiliary, a group of Qantas pilots and crew, under President Pat McGann, has worked in a voluntary capacity for the Deaf and Blind Children's Centre and has raised over \$148,000.

In 1979 the Pathfinders Auxiliary presented \$26,000 to the Institute — a magnificent effort considering that many of its members are frequently on duty overseas.

The Lady Pathfinders Auxiliary, who are a group of Qantas ex-hostesses, raised \$3,000.

Publicity and Public Relations

The Board is most grateful to the various elements of the Media for splendid support during the year. All have given unstinting publicity to the activities at the North Rocks Deaf and Blind Children's Centre and to the numerous fund-raising functions, promotions, and Pen Days.

This continuous coverage and assistance is highly valued. It constantly places the work of the Institute before the public, and details the many and varied programmes available to the children.

Particular thanks is recorded to Channel 10 for its massive support for "The Lovely Motherhood Quest" in 1979 and the magnificent production of the hour-long televised final.

The Sunday Telegraph's fine coverage and promotion of the "Lovely Motherhood Quest" has enhanced the Quest's stature throughout New South Wales. This year the number of entrants and their fund-raising efforts established a record. The Board sincerely thanks the executive and staff of the Sunday Telegraph for their generous assistance.

Art Unions

The Board thanks and congratulates the Art Union Committee, under the Chairmanship of Vice-President, Sir Frederick Sutton, OBE and expresses appreciation to the regular supporters of the Art Union and the many new supporters whose interest has resulted in a record figure being achieved.

Despite continued escalation of costs, unavoidable rises of statutory increases in postal and telecommunication charges, the splendid sum of \$74,378.19 was raised.

There is great credit due also to Mr. Alan Major, the Art Union Manager, and to members of his hard working staff.

The Pathfinders Auxiliary promoted its twelfth Art Union in as many years. Appreciative thanks is recorded to the Pathfinders and their supporters for their maintenance of interest and enthusiasm in this and many other activities for the Institute.

The net proceeds for the Pathfinders Art Union No. 12 amounted to \$7,146.89.

Finally, but importantly, the Directors wish to record their appreciation of the work done by the Staff during the year. In an establishment as large as ours, there are always arising problems of one kind or another.

The sincerity and ability of the Staff, at all levels, has been clearly demonstrated by the manner in which these problems have been solved, not always easily, but always most effectively.

It is impossible to name individually the great number of people who have assisted in many ways in the Institute's work.

To all who have contributed, the Board conveys warmest thanks.
